FIXON

Tools for better work. New sales opportunities.

For tool distributors and building-material manufacturers.

25% OFF YOUR TRIAL ORDER

Jerzy (Heorhii) Bronnikov | +48 570 297 007

When ordered within two weeks of the fair day. Discounts do not stack.

Good tools. A practical start.

01 Extend the range your customers already buy.

Tools complement material sales, from preparing the base to moving, placing and finishing.

02 Show the tool doing a real job.

Product images, clear applications and sales materials help your team explain when a customer should choose each tool.

03 Start with the right range.

Let us select a trial order for your customers. Contact us to agree the products and confirm delivery costs.

Reading prices and margins: the large figure is the current gross store price in PLN. B2C and B2B margins come from the Polish wholesale table for 10, 50 and 100 units. They use the table reference selling prices in EUR, not the store price alongside them. They include the modeled goods and delivery cost and are not guaranteed final profit. No margin is stated when delivery is unknown.

* Net purchase follows the e-catalog in EUR, rounded up to a whole EUR; delivery excluded. Product prices: 19 Oct 2026. Saved delivery tariffs: 19 Sep 2026, subject to confirmation.

FIXON-001-ZESTAW-LEVEL
